## Work experience

February 2012 - Present      Industrial Health & Safety Consultants, Inc.,  
Shelton, CT

### **Senior Consultant, Vice President**

I work at IH&SC writing Safety Data Sheets, contacting chemical manufacturers to obtain regulatory information, writing proposals, training our employees and clients on hazard communication and transportation, and interfacing with clients regarding international chemical regulatory issues. I am intimately involved with the daily running of our company and am working with my fellow partners at developing long-term development plans for the company. I have written SDS for employers throughout the world, in ANSI 16 section, EU, and GHS format. I have classified mixtures according to EU, Canadian WHMIS and GHS guidelines. I have written labels for various products, both industrial and commercial. I have working knowledge of shipping regulations and labelling requirements. I am well-versed in US, EU and global SDS requirements as well as the future REACH and GHS requirements and when they will be coming into effect. I have also assisted in training on transportation labelling and classification, EU classification, and GHS classification.

February 2010 – February 2012      HA International  
Westmont, IL

I worked at HAI authoring SDS in their authoring system, managing raw material hazard information, training on Hazard Communication and Hazardous Materials Handling, and general industrial hygiene including noise monitoring and sampling for formaldehyde and crystalline silica. I helped implement new systems for the management of product and workplace safety and quality issues.

April 2006-2010      Industrial Health & Safety Consultants, Inc.,  
Woodbridge, CT

### **Chemical Regulatory Specialist, Asbestos Abatement Project Monitor**

I worked at IH&SC writing Material Safety Data Sheets, contacting chemical manufacturers to obtain regulatory information, writing proposals, entering data into our many databases, assisting in Indoor Air Quality sampling, and assisting in asbestos project monitoring. I have written SDS for employers throughout the world, in ANSI 16 section, EU, and GHS format. I have classified mixtures according to EU, Canadian WHMIS and GHS guidelines. I have written labels for various products, both industrial and commercial. I have working knowledge of shipping regulations and labelling requirements. I am well-versed in US, EU and global SDS requirements as well as the future REACH and GHS requirements and when they will be coming into effect. I have also assisted in training on DOT labelling and classification, EU classification, and GHS classification.

July 2005-October 2005 American Samoa Power Authority Pago Pago, AS

**Field Technician**

I worked as an archeological field technician for the American Samoa Power Authority on a project at Fatu ma futi in American Samoa. I assisted in office tasks, such as data entry, as well as interacting with individuals seeking information about our project.

February 2005-July 2005 Industrial Health and Safety Consultants, Inc.  
Woodbridge, CT

**Clerical, Technical Document Preparation**

I worked remotely for Industrial Health & Safety Consultants, preparing documents, performing data entry and website searches.

July 2004-February 2005 Haddad's Inc.. Pittsburgh, PA

**Office Assistant, Accounts Receivable, Accounts Payable**

Haddad's is a small company providing rental trucks and other equipment to the public, specializing in trailer rental to on-location film production. Managed numerous aspects of office including office communication, scheduling, staffing, and travel arrangements, managed accounts receivable, supported accounts payable and customer service.

2004 Industrial Health and Safety Consultants, Inc.  
Woodbridge, CT

**Spotlight, Clerical**

Industrial Health and Safety Consultants, Inc. is a professional occupational safety consulting firm. In my position there I wrote an on-line newsletter featuring articles on important industry issues. I also performed various clerical duties including data entry, report preparation and staff support.

2003-4 Florida State University Tallahassee, FL

**Teaching Assistant**

Wrote and graded exams, graded papers, scanned images, scanned slides, lectured, created PowerPoint presentations.
